**Von Kieron Gillen : Young Avengers Vol. 1: Style Substance (Young Avengers (2013))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Young Avengers Vol. 1: Style Substance (Young Avengers (2013)):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Extraordinary!Von BorisWithout question Kieron Gillen is one of the most talented comic book writers of the last decade. His voice is unique and his name stands for innovation and odd storytelling methods. For me personally the

outcome was not always to my expectations. His "Journey into Mystery" run was outstanding (one of the best runs on any comic in the last years), his "SWORD" mini pure fun, his run on Thor solid, Uncanny X-Men unexpectedly conventional. So with "Young Avengers" I waited for the trade paperback, this also because the highly acclaimed Allan Heinberg run on this title did relatively little for me. I am really surprised, and this to my pleasure. "Young Avengers" is "Phonogram" (Gillen's independent critics success) meets "Generation Hope" and it is intelligent storytelling and a lot of fun. In an interview the author said that together with penciller McKelvie they wanted to tell a super hero story as no one had been told before and they really did it. The panel structure is nothing you have seen before, nevertheless the pages are clear and crisp and you have no problems following the story. The one scene in which one member frees another one by working on the panel frames is a piece of art. Gillen and McKelvie cooperate in a way that you cannot say where writing ends and penciling begins. The art has a silver age feeling in the character presentation and nevertheless is timelessly modern. The choice of characters is very interesting. Outstanding for me are young Loki (the re-reformed one, worse than the reborn one from Journey into Mystery, but still more tricky and cunning than pure evil) and Miss America, a mysterious young Hispanic woman with little Marvel background until now. They are completed by the couple of Wiccan and Hulkling, Kate Bishop (substitute Hawkeye) and young Kree warrior Noh-Varr. Gillen has said that this book is about "being eighteen", and so the themes are related to building relationships and parent issues. And of course a lot of super heroing. The book collects #1-5 and the preview from "Marvel NOW" and is highly recommended by me.

Kurzbeschreibung Collects Young Avengers #1-5, Marvel Now! Point One (Young Avengers story). Legacy isn't a dirty word...but it's an irrelevant one. It's not important what our parents did. It matters what WE do. Someone has to save the world. You're someone. Do the math. The critically acclaimed team of Kieron Gillen and Jamie McKelvie reinvent the teen super hero comic for the 21st century, uniting Wiccan, Hulkling and Kate "Hawkeye" Bishop with Kid Loki, Marvel Boy and Ms. America. No pressure, right? As a figure from Loki's past emerges, Wiccan makes a horrible mistake that comes back to bite everyone on their communal posteriors. Fight scenes! Fake IDs! And plentiful feels! (aka "meaningful emotional character beats" for people who aren't on tumblr.) Young Avengers is as NOW! as the air in your lungs, and twice as vital. Hyperbole is the BEST! THING! EVER! EVER! ber den Autor und weitere Mitwirkende An award-winning critic and journalist, Kieron Gillen has written for organizations such as PC Gamer, The Guardian, Rock Paper Shotgun and Wired before turning his attention to comics. His previous writing credits include the critically lauded Phonogram, Thor, S.W.O.R.D. and Generation Hope. He has relaunched two longstanding Marvel series in Uncanny X-Men and Journey into Mystery. Jamie McKelvie is a comic-book creator living in London. He first came to most fans' attention with the publication of Phonogram: Rue Britannia and its sequel The Singles Club, along with writer and frequent collaborator Kieron Gillen (Uncanny X-Men, Journey into Mystery). He is also the creator of Suburban Glamour. McKelvie has gone on to draw numerous projects for Marvel - including Siege: Loki, Invincible Iron Man, Wolverine, Ultimate Spider-Man, Secret Avengers and Generation Hope.
