makes EVERYTHING easier and cheaper! Von Oliver I spend some time backpacking in asia and it was a disaster. I didn't prepare and after reading this handy book I know for sure that I could have saved A LOT of trouble. You find everything in this book you need to know: from the destination to the hostels over taxicabs (or similiar) to the attractions and the money you spend, on every chapter I think: "ooh what have I done wrong last time" because this book makes it sooo easy. Glad I found it. So by spending some peanuts you will get the knowledge to save a lot of money on your trip, so everybody should buy it, if they plan do do a backpacking tour somewhere in the world! Really recommendable!
