Von Lois Lowry : Your Move, J.P.! before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Move, J.P.!:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A CHESS GAME OF IMPRESSIVE LIESVon Ein KundeTwelve-year-old JP Tate is instantly love-struck by a new girl in his math class--blond, British, Angela who represents his ideal of physical and social perfection. This is a cute read which will appeal to middleschool kids who wonder what it is like when you suddenly notice the opposite sex. Lowry's humor is delightful fluff; I enjoyed the Alphabetizing of Physical Ailments (inspired by Ralph, the park bum),

which our youthful protagonist expands into Character Flaws. Many of the situations, conversations and examples of adolescent logic are hilarious. Warning--the theme is serious: don't get yourself entangled in a web of lies and deceit--especially just to impress someone. True friends are those who accept you as you are and go all out to help you when you need it most. The story is school-oriented, with classroom dynamics, unusual homework assignments and special events at a small, private school. But really: walking golf bags? a chess game with the opponents wearing a ski mask and goggles to spook each other? This pleasant, single-mother family is reprised in **THE ONE HUNDREDTH THING ABOUT CAROLINE**, which stars JP's bright younger sister. Even adults can swallow this one and come up grinning!

I usually like Lowry books but this one was pathetic. Too slapstick, and would some author some day write a teenage book without boy-meets-girl?

KurzbeschreibungLowry's third novel about J.P. and his sister has J.P. in love and doing all sorts of weird things, such as wearing deodorant and even telling a lie to impress Angela.
